

MINI-ROUND BALER

Easy to handle small bale!!

MRB0850

Bale size is 70cm width x 50cm diameter, and easy to handle.

Hydraulic bale ejection

The hydraulic power package opens the gate without connecting the hose to a tractor and the finished bale rolls out.

Automatic twine binding system

The fully automatic system sounds a buzzer and binds the bale with twine when the bale is finished. Number of binds can be set to 8 or 10 with easy adjustment.

Steel compression roller

Steel compression roller makes tight tiry bales. Stable and noiseless operation. Density of bale can be set in 3 levels with pin insertion.
